

RAColor Film Styles for Capture One

- How to Install
- Step by step guide

Option 1: Easy Installation

1. Unzip the product
2. Launch Capture One
3. In the Styles & Presets panel click “...” and choose “Import Styles”
4. Navigate to the folder with the unzipped product, select the .costylepack file and click open
5. Enjoy!

Option 2: Manual Installation

1. Unzip the product

2. Locate the Capture One styles folder

On Mac: / Users / / Library / Application Support / Capture One / Styles

On Windows PC: / Users / / AppData / Local / CaptureOne / Styles 50

3. Copy all the folders from your product's Manual_Install folder to your Capture One Styles folder

4. Launch (or relaunch) Capture One

5. Enjoy!
